

Congratulations on Your New Puppy!

A little welcome gift — and a helping hand — from our family to yours.

More than dog care. Peace of mind.

Bringing home a new puppy is one of life's great joys — and, let's be honest, a whole lot of work. We're **Ballage Dog Care**, a local, family-owned dog-care company right here in Southern Indiana, and we'd love to help you and your puppy get off to the best possible start. Here's a simple guide for your first weeks, plus a special welcome offer just for new-puppy families.

Your First-Week Puppy Checklist

Setting up for success

- ☐ Create a safe space (crate or pen) for rest
- ☐ Puppy-proof low cabinets, cords & small objects
- ☐ Stock up on food, ID tag, leash & harness
- ☐ Pick one consistent potty spot outside
- ☐ Schedule your first vet visit

Building good habits

- ☐ Take out to potty every 1–2 hours (and after meals/naps)
- ☐ Reward the behavior you want, right away
- ☐ Keep a steady feeding & nap schedule
- ☐ Protect nap time — overtired puppies get nippy

Gentle socialization (weeks matter!)

- ☐ Introduce new sights, sounds & surfaces calmly
- ☐ Keep experiences positive and at your puppy's pace
- ☐ Handle paws, ears & mouth gently & often
- ☐ One good experience beats ten overwhelming ones

When you need a hand

- ☐ Midday potty breaks while you're at work
- ☐ Socialization & enrichment support
- ☐ Consistency between everyone who cares for your pup
- ☐ A trusted, gentle pro when life gets busy
