

Can't Always Get Your Dog to the Vet?

We'll drive them there and back — and care for them at home, too.

More than dog care. Peace of mind.

Life gets busy, and not everyone can take time off for every appointment or a midday walk. **Ballage Pet Concierge** is a local, insured, family-owned dog-care company — proud to be a trusted care partner for the dogs of this practice.

Vet Visit Rides

Can't make the appointment? We'll safely pick up your dog, drive them to the vet, and bring them home — calm, careful, and with updates the whole way. We can even stay through the visit and relay your vet's notes.
